

I'm Andrew Tolé and I'm running for Vice-President of the LSS. Over the past year I have served as the Queer Director and am keen to step-up to the role of VP.

In my tenure in the Queer Portfolio I've advocated for students, most notably during the cooked times of the postal survey, rather than sit back, I helped organise phone banks on behalf of the LSS with the Yes Campaign. Outside of the postal survey I've run events, lectures and panels as well as working with a team to start the design of a diversity guide for the legal industry.

The diversity guides is something that I'm really keen to continue as it will hopefully sit alongside our existing clerkship guide but it will give an indication of firm and government department's commitment to a number of areas represented by our Equality Portfolios (Indigenous, Women's, International, Queer, Environment and Equity). This might sound like a big project, it will be, but I'm really keen to get it up and running.

Vote for me pls.
