

We're super excited by the prospect of being your Activities Directors for 2018/19!

We're so lucky to have such an incredible community here at the Law School, and for us the social events have been the most integral part to feeling at home within that community and making the transition to law school super easy. We'd love to continue that tradition and help next year's incoming students feel as much a part of the LSS as we have this year!

Annelise has been lucky enough to learn from the best in Edi and Jas this year as one of their First Year Co-Opts and that's given her a heap of expertise in what the role entails and how to ensure all our activities continue to be great.

Will's just stoked to be here and would love the chance to hopefully improve on the great work and events of the activities portfolio by bringing a whole lot of passion, enthusiasm and energy in both organising the events and getting amongst it with you all!

We're both super keen to make the activities portfolio the best it can be for each and every member of the LSS and have plans to keep expanding to include an even greater diversity of events. If we're elected we would love to get as much feedback as possible to tailor events to what YOU want, to ensure we can offer as much range as possible and provide a great inclusive activities experience for all!
