

## Cristina Poon and Vanessa Wickes – Education

We are so thrilled to be running for the Education portfolio! We feel that it is a portfolio that is extremely integral and important to everyone's journey at the law school. We know this because from Day 1 we are matched with pathfinders and supported throughout the semester with Student Run Tutorial Services (STS). We want to be part of this vision and make everyone's experience as rewarding and enjoyable as ours if not, even better!

### Why us?

We like to make sure everything is organised well in advanced. This is crucial seeing as how the education portfolio involves so much planning and organising, whether it be seminar rooms for STS sessions or speakers for the Sir Anthony Mason Lecture.

We are 'people persons' that want to make everyone's experience at the law school more holistic and enjoyable. And that's why we want to give people as much guidance as possible, expanding on areas like the drop-in sessions and more.

### So, what do we promise?

- Lecture recordings or at least lowering the threshold to obtain lecture recordings.
- Keeping up with all the good work that the Education portfolio has already done, whilst developing the programs further via student feedback.
- Continue with the disability drop-in sessions this year and add a separate general drop-in session to make sure all students are heard and supported.
- Focus on balancing health, wellbeing and education, hosting workshops for professional tips, mindfulness, and inviting guest speakers.
