

ZOE AND MAIREAD

Women's Directors

In a year where two films about legendary US Supreme Court Justice Ruth Bader Ginsburg are being released, it's clear women's status in the law is changing - but there's still a long way to go. We are dedicated to the development of all women and advocacy of gender issues within the law school.

ABOUT US

Current women's co-opt Mairead has learnt the ins and out of the portfolio. Zoe has experience working for a non-profit enrolling girls into scholarship programs, and is committed to promoting girls' education.

WOMEN'S CAREER DEVELOPMENT

We aim to continue and build upon the existing women's workshops and panels. We would also love to introduce events such as:

- External networking nights with the Victorian Women Lawyers.
- Establishing relationships with community legal centres working in areas such as family violence to create volunteering opportunities.

COLLABORATION & INCLUSIVITY

We support and celebrate the intersections of sexuality, race, class and gender, and acknowledge the diverse experiences and difficulties arising from these. Collaborating with the *Queer* and *Equality & Social Justice* portfolios will be our priority to address the broader gender issues within the law school. We recognise that this portfolio will be at its strongest with the input of a range of students and will encourage everyone's participation and contribution.

SUPPORT

The law school should be a safe and inclusive space for all women-identifying, transgender and non-binary students. We will create a supportive community and be the friendly faces you can talk to about any concerns.
